NEW YORK, May 21,—Amid the rousing cheers of 4,000 persons H. B. Duryea's Tanya won the National Stallion Stakes, worth \$11,915 to the winner, at Morris Park to-day. The Duryea filly was favorite at H to 10 and was heavily played. It was a race from the lifting of the barrier to the finish. Many horsemen expressed the opinion after the race that Tanya is the best two-year-old shown this year. A blanket would have covered the fifst four horses at the finish; all were under a hot drive and finished heads apart. Tanya, with her amzing speed, at once went to the front, followed by Belle Strome and Song and Wine. This order was maintained to the dip, where Song and Wine led for a few strides. Shaw, however, again sent Tanya to the front, and she held her advantage to the finish, whining by a head.

Hermis received an ovation when he came home an easy winner in the last race at the good odds of 7 to 1. The time, 1:30-1-2 for a mile, is the fastest time of the meeting. Summaries.

Amusement Feature.

The third event furnished the amusement, being a novelty race, in which the riders were required to run the length of the course, dismount, pick up dress suit case, open it and take therefrom and put on an extra coat; then ride to the other end of the course, dismount, pick up and open an umbrella and ride to the finish with the raised umbrella. There were eight entries, as follows: Mr. E. B. Sydnor, on Beile of Chatsworth; Mr. M. de G. Hobson, on Alexis, Mr. G. Cole Scott, on Mirador; Mr. J. Stewart Bryan, on a pony; Mr. W. O. Young, on Red Hissar; Mr. J. T. Anderson, on Daisy, a spotted pony; Mr. H. C. Beattle, on St. Victor, and Mr. A. C. Hobson, on Blue Ridge.

on St. Victor, and Mr. A. C. Hobson, on Hiue Ridge.
At the word the eight riders dashed away, and were soon strung out, with Mr. Beattle leading. All went well to the end of the course, and there the riders experienced difficulty in keeping their mounts standing long enough to reach the suit case and open it and don the coat. Again Mr. Beattle was off in the lead, closely followed by Blue Ridge and Alexis. Mr J. T. Anderson's giant form satride a small spotted pony and his strenudus effort to reach the goal furnished an amusing feature of the

In the fourth event there were but fourentries: Mr. Bryan's Elevator, Mr. Scott's Mirador, Captain Willard's Three Spot and Mr. Bydnor's Seven Up. Mr. A. S. Buford. Jr., rode both Mirador and Three Spot, while Mr. Bryan himself was up on Elevator and Mr. Sydnor on Seven Up. Elevator, with his long, sweeping stride, easily cleared all jumps, girling a perfect performance and winning with utmost case, Three Spot, ridden by Mr. Buford, gave a very good performance, and was awarded second honors.

The last event was a steeplechase, for horses owned by members of the Deep Run Hunt Club, weights carried according to National Steeplechase and Hunt Association rules. The distance was about two miles. Deep Run, ridden by Dr. Gwynne Harrison, made the pace, and Miss Chaffin, Mr. Skelton up, kept it closely, the others being well distributed over the circuit. All the horses took the hedges safely and easily, but the pair named kept the lead and gradually increased it. Mr. Fleet Galloway, on Bohemian Joe, was put out of the running by a broken stirrup, but the rider kept his seat and escaped a spill. Mr. Wilbur Osborne rode Mr. G. Cole Scott's Fritz, and Mr. George Savage was up on Mr. R. L. Page's King. The two leaders kept well together until near the finish, when Mr. Skelton took his mare to the front and won in a driving finish by a length over Deep Run, with Dr. Harrison up. It was a pretty race between the leaders from start to finish. This ended the day's 'card, and the crowd them gathered on the lawn adjoining the club house, where refreshments were served to the entire party. The afternoon was without accident or untoward incident of any character.

They have no hell; they have no laws; they have no prisons; they never laugh aloud; suicide is unknown among them; they never wash, comb or brush their hair, and never cut lit, and so are known as the "hairy people." They despise cowardict reverence old age, and the women love their children, but strange to say never look after them. As a race, they are very stupid—quite in contrast to the Japanese themselves. They never leave their island home of Yezo, in the extreme north. They had to be brought to the World's Fair by a special commissioner from St. Louis; and he had to be materially aided by the Japanese government. But they are hereseveral of them—men, women and children; taking their place in the marvelous miniature world the Japanese came, but there are only a few thousand, of them
